APPROVAL

FOR ESD PROTECTIVE PRODUCTS ACCORDING TO IEC 61340

Documentation for approval

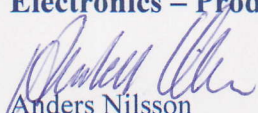

Test report FX212033.

The ESD-approval does not include any requirements regarding electrical safety properties. If work will be performed close to live voltages, requirements according to national regulations shall be obeyed.

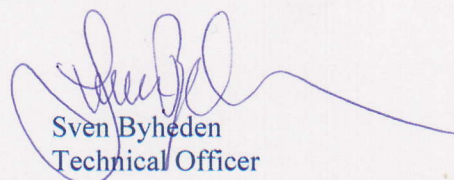

Conditions for approval

General conditions, according to SP-Method 2472, for approval and registration of approved products with regard to ESD-protection qualities.
