

STORM

DC Storm S2000

DC **Storm** LPG

The quickest way to get the
job done – without electricity

Healthy Business

Dustcontrol

DC Storm LPG

Gas-driven and powerful

- + H-class. Approved for use with hazardous dust.
- + Equipped with HEPA H13 filter.
- + Propane-driven – 8 hours operating time.
- + A compact and robust machine for those tough jobs.
- + Equipped with Longopac or bag.

HEPA H13-filter

The DC Storm LPG is H-class and meets the strict requirements of IEC's standards. This means that the DC Storm LPG – just like all of Dustcontrol's dust extractors – meets statutory requirements for environments with hazardous dust, such as quartz and asbestos.

A gas-powered force to be reckoned with!

Propane-driven – environmentally friendly

A powerful dust extractor ideal for use in workplaces with a limited supply of electricity, the DC Storm LPG can run for around 8 hours without needing to change the propane tank.

The machine's 21 hp motor has the capacity to manage dust extraction in conjunction with work involving large floor grinding, chiselling or cutting machines, as well as heavy-duty cleaning with a long suction hose.

Packed with features

- High-efficiency cyclone extraction and reverse-pulse filter cleaning.
- HEPA H13 filter.
- 2 x 24 W LED work lights.
- 2 x USB slots for e.g. charging of mobile phone.
- Large, air-filled transportation wheels and lockable castors.
- Prepared for transportation with forklift truck.
- Exhaust emission control with catalytic converter, O₂ sensor with automatic shut-off and alarm function.
- Key start and all operator controls in one place.

The engine emits carbon monoxide, the machine must only be used in a well ventilated area.

DC Storm LPG c

Part No 119900

DC Storm LPG L

Part No 119901

Technical data

H x W x D (cm)	180x79x160
Weight	260 kg
Collection	60 L / longopac
Flow at open inlet	820 m ³ /h
Negative pressure, max	30 kPa
Power output	21 hp
Sound level	75 dB(A)
Filter area	5 m ²
HEPA H13 filter area	3.7 m ²

Machines for every job

It doesn't matter who you are or what you do – we have the right machines for you and the task ahead. Small and agile, or big and powerful? Only you know which of Dustcontrol's machines is right for you.
